INTRODUCTION.

I

A brief note on the origin of this Library and its development is given hereunder.

From 1800 to 1850 A.D. several manuscript collection like the Mackenzie Collection, East India House Collection and Brown Collection were paid for by the Court of Directors of the East India Company, London, and transferred to their Madras agent for preservation.

Colonel Colin Mackenzie came to India in 1782 as a Cadet of Engineers but Oriental Research became his hobby. From 1782 to 1818 he collected Manuscripts, Coins, Inscriptions, Maps and Plans bearing on Literature, Religion, History, Manners and Customs of the people of South India besides numerous additions from Ceylon and Java.

About 1837 Mr. C. P. Brown of the Madras Civil Service found in the Indian House Library a collection of manuscripts in Tamil, Telugu and Kanarees Characters belonging to Dr. Leyden who was in India from 1803 to 1811. These were ultimately transferred to the College Library at Madras in 1847 along with Mackenzie's Collections.

Mr. Brown donated to the East India Company his own valuable collections of manuscripts which are almost entirely in Telugu Character one half of the collection being in Sanskrit and the other half in Telugu.

The manuscripts belonging to the three collections were transferred in 1869 to the charge of Mr. Pickford, then Professor of Sanskrit in the Presidency College, Madras, who was directed to look after the manuscripts and to prepare a catalogue of them. In 1875 he became the Curator of this Library. He was then called upon to prepare, for Publication, important literary and historical manuscripts; and in 1876 in accordance with the orders of the Government of India, he was required to discover new manuscripts and to purchase them or acquire them by transcription. In pursuance of these orders many manuscripts have been acquired from time to time and added to the collections already in the Library.

From such small beginnings, the Library has now grown to its present dimension. The Library now possesses manuscripts and printed books in the several languages as detailed below :—

Under the orders of the Government of Madras the Descriptive Catalogues of Islamic Manuscripts in this Library have been prepared and published in four volumes. In these catalogues the following information about each manuscript is given :—

1. Number of pages and number of lines on a page.
2. Condition of the manuscript.
3. Mode of writing.
4. Subject matter.
5. Extent, and
6. Author.

Brief remarks about the contents of the manuscripts and extracts from their beginning and end are also given to facilitate the Scholars doing research work. In each Volume the manuscripts in Urdu, Arabic and Persian are described in seperate sections and continuous numbers for each language have been given in all the four volumes. The total number of manuscripts thus described are 168 in Hindustani, 316 in Arabic and 1,083 in Persian.

Under the scheme of the Government of India, Ministry of Scientific Research and Cultural Affairs for the publication of rare manuscripts and catalogues, a catalogue of Persian and Arabic manuscripts was published in 1961 with extracts of beginning and end of some of the rare manuscripts included as an appendix as required by them. The entire cost of this publication was borne by the Government of India. This catalogue furnishes details of the subject, number, title, author, commentator, material, script, size, extent, condition and age and other particulars in regard to these manuscripts. As a suppliment to the same an Index showing the names of Authors and Commentators with serial number in the catalogue noted against each was also issued in 1961.

The present Alphabetical Index of Islamic manuscripts has been prepared on the same model as for that of other languages with particulars regarding name of the work in language in which it is written (Hindusthani, Arabic or Persian) name of the same in English transliteration, name of the author, subject, extent and reference number.
